

Calling All Clintonville Businesses

In an effort to help local Clintonville businesses with the rising cost of healthcare, and help you get off to a healthy start in 2009...

Dr. Kevin Kemp and staff at **Spine & Sports Chiropractic Center**, 4000 Indianola Avenue are refocusing their marketing and developing a local community approach for upcoming 2009 calendar year.

Over the last several years Dr. Kemp and staff have defined a successful outreach program by offering *Free Spinal Screenings* and *Educational Presentations* at various State Department buildings, as an employee health benefit. Each employee is given the opportunity to schedule a more comprehensive exam at our office for only a \$5 donation to the charity of the month. The fee is NOT due at the event.

Spine & Sports Chiropractic Center's Community Relations and Marketing Coordinator will be leading the efforts to define and implement a similar outreach program with a specialized local community approach. An event can be tailored to each local business BIG or SMALL.

To schedule a Free Spinal Screening event for your employees or for additional information please inquire to marketing@SpineSportChiro.com or call the office at (614) 573-7746 to speak with the Community Relations and Marketing Coordinator.

Why we want to do this?

Because it is a win/win situation!

For Us

It's a way for our staff to get out into the community and educate about the benefits of chiropractic care it lets our local community know who and where we are. Wonderful for "word of mouth" advertising!

For You

It's a wonderful way for you to show your employees you appreciate them and to give them some additional employee benefits at no cost to you.
